Pillar Candle – Ivory
Tissue Paper, Printed – Damask
Recollections™ Adhesive Tape
Velvet Ribbon – Black
Scissors
Pearl Pins

Instructions

Music Stamped Tissue Candle

Step 1 Tear a piece of tissue large enough to wrap around candle (tear rather than cut).

Step 2 Stamp repeatedly with word stamp to cover the tissue.

Step 3 Place stamped tissue around candle, tacking with a couple of sequin pins.

Step 4 Using the embossing gun and working from the center out, heat the tissue on the candle. The candle wax will begin to melt and adhere the tissue to candle.

Step 5 Cut a piece of decorative scrapbook paper to desired width and wrap around candle. Secure with adhesive tape.

Step 6 Wrap ribbon around candle. Tie in front of candle. Trim excess.

Step 7 Cut bail or metal pieces on back from pendant and pin in center of ribbon.

Damask Tissue Candle

Step 1 Cut printed tissue to height of candle. Wrap around the candle and leave enough to overlap and secure with adhesive tape.

Step 2 Add velvet ribbon around top and bottom of tissue.

Step 3 Embellish with pearl pins.
