Alcohol Ink Candles  
Kathy Kromer demonstrates how to decorate  
candles with alcohol inks.

### **Materials needed**

Adirondack® Alcohol Inks  
Adirondack® Alcohol Blending Solution  
Adirondack® Alcohol Applicator -- Felt  
Pillar Candles  
Palette Paper  
Gloves  
Cotton Ball  
Paper Plate

### **Instructions**

**Step 1** Squeeze several drops of one alcohol ink color onto a sheet of palette paper.

**Step 2** Roll a pillar in the ink until pillar is covered.

**Step 3** Drip a few drops on top of the candle and dab ink with a cotton ball until the top of the candle is completely covered.

**Step 4** Drip other colors of ink at the edges of the candle and allow the ink to drizzle down.

**Step 5** Spray with blending solution at random areas.

**Step 6** Allow to dry on a paper plate approximately 24 hours.

**Note:** Once dry, the alcohol is gone from the ink. The candle can be lit.

## **Wind Chimes**

### **Materials needed**

Oval Galvanized Metal Container  
Jewelry Essentials™ Transite  
Silverware – Assorted  
Ranger Alcohol Inks – Colors of choice  
Drill with Small Bit  
Beads – Assorted  
Jewelry Essentials™ Crimp Beads – Silver  
Needle Nose Pliers  
Wire – Silver  
Scissors  
Paper Towels  
Paper Plate

### **Instructions**

Step 1 Determine amount of jewelry you want to hang from your container.

Step 2 Drill small hole in bottom of container for silverware to hang from.

Step 3 Drill small holes in handles of silverware.

Step 4 Add desired colors of alcohol inks to silverware, let dry.

Step 5 Drip desired colors of inks around top of container letting them drip down the sides. Let dry.

Step 5 Cut assorted lengths of transite for hanging silverware.

Step 6 Place a crimp bead onto end of transite and thread thru hole in silverware. Bring end of transite around handle and back thru the crimp bead. Smash closed with needle nose pliers.

Step 7 To suspend beads on transite, add a crimp bead then bead, then another crimp bead. This will suspend the bead on the transite. Add as many as desired.

Step 8 Thread the transite up thru hole in container, add bead large enough not to go thru hole, add crimp bead. Trim excess transite.
